4th Floor, Otto Sanft Building,
Nuku'alofa

Dear Sir,

**Re: Invitation to TERMPLUS UPDATE STAKEHOLDERS AND JOINT DEVELOPMENT
PARTNERS MEETING 24th - 25th of AUGUST 2021.**

The Department of Energy under the Ministry of MEIDECC with technical support from the Global Green Growth Institute (GGGI) has embarked on the preparation of the Tonga Energy Road Map Plus (TERM Plus) 2021-2035 for Tonga. The TERM Plus will provide a platform that will focus on assuring the access to affordable and clean energy for the whole of Tonga.

The TERMPlus work is funded by NZ MFAT under their LECRD funded program as well as other initiatives. This mid-term Energy Stakeholder and Mid-Term Verification Workshop aims to make sure the TERMPlus is on-track and give Tonga Energy Stakeholders and Development Partners a chance to 'weigh-in' on the current status and trajectory of TERMPlus set to be delivered to MEIDECC by the end-of-November. The TERMPlus Investment Plan will immediately follow to develop Project Concept Notes to be delivered in 2022.

On this note, we would like to cordially invite a representative of your organization to attend this one-and-a-half-day Stakeholder Consultation Workshop TERM Plus 2021-2035 Update on **Tuesday, 24th August** and **Wednesday, 25th August** at the **Liku'alofa Resort**. Please find attached the tentative agenda for the workshop for more information.

For nomination or any clarifications, please do not hesitate to contact 'Eliate Laulaupea'alu on email address tuhamoelotu@gmail.com or on telephone number 20-175.

We look forward to your confirmation and thank you in advance for your cooperation.

Yours Sincerely,

.....
Mr. Paula Ma'u
CEO for MEIDECC
