

REQUEST FOR QUOTATIONS

Liaison Consultant to provide support to the EU-PacTVET project

The European Union Pacific Technical and Vocational Education and Training on Sustainable Energy and Climate Change Adaptation Project (EU-PacTVET) would like to invite interested individuals to submit a quotation for the provision of liaison consultancy services to support the EU-PacTVET project.

The EU-PacTVET is component 3 within the broader Adapting to Climate Change and Sustainable Energy (ACSE) programme. The project builds on the recognition that energy security and climate change are major issues that are currently hindering the social, environmental and economic development of Pacific-African, Caribbean and Pacific (P-ACP) countries. The project seeks a liaison consultant to support the project by facilitating the project's liaison and procurement requirements. The consultant will actively contribute to the achievement of the project results.

The consultancy work will be from the period of 18 March 2019 to 18 March 2020 for up to 10 days a month or as otherwise mutually agreed between the contractor and SPC in writing.

The consultant will be based at the Georesources, Energy and Maritime Division, Lotus Building, Suva, Fiji for the duration of the consultancy. The successful individual will work under the direct supervision of the Team Leader EU-PacTVET. All prices quoted shall be in EURO's and should be inclusive of all costs and statutory obligations.

Copies of the 'Request for Quotation' (RFQ) can be downloaded from <http://www.tenders.net/tender-1052170-advert-rfq-liaison-consultant-to-provide-support-to-eu-pactvet-project>.

All proposals should reach SPC before 5pm Fiji Time, 28th February, 2019.
